

Grant County Bank Online Adaptive Authentication

Our new security solution provides you added safety by helping ensure that only you can access your bank account.

You will be asked to create an RSA Adaptive Authentication, which is an image and personalized text that is a shared secret between you and our institution.

Then, whenever you input your user ID, we will show you this image and text so you can rest assured that you are accessing our Internet banking site and not an impostor site.

1. Input your user ID and click 'Log In'.

Retail Internet Banking Login

User ID:

LOG IN

2. If your computer is recognized by our systems, we will display your RSA Adaptive Authentication image and text.

Your Image:

3. If your computer is not recognized, we will ask you one of your secret challenge questions. If you answer correctly, then we will display your image and text.

Question: In what city were you born? (Enter full name of city only)

Your Answer:

This is a personal computer. Register it.

This is a public computer. Do not register it.

4. Only after seeing your image and text should you input your password to gain access to your Internet banking accounts.
